**CONFIDENTIALITY CERTIFICATE EXTENSION**

issued to

Individuals Responsible for the Research Entitled

"A Prospective Study of College Students" (also known as "IMPACTS")

Conducted by

University of Missouri-Columbia  
Department of Psychological Sciences  
147 Psychology Building  
Columbia, MO 65211

In accordance with the provisions of section 301(d) of the Public Health Service Act (42 U.S.C. § 241(d)) this extension of the original Certificate of Confidentiality dated

June 20, 2007 is issued in response to the request of Kenneth J. Sher, Ph.D., Principal Investigator, to protect the privacy of research subjects by withholding their identities from all persons not connected with the research. Dr. Sher is primarily responsible for the conduct of this research.

Under authority vested in the Secretary of Health and Human Services by Section 301(d) of the Public Health Service Act (42 U.S.C.), all persons who

1. are employed by University of Missouri-Columbia or its contractors and cooperating agencies as indicated in the application and

2. have, during the course of that employment, access to information that would identify individuals who are subjects of the study entitled "A Prospective Study of College Students" (also known as "IMPACTS")

are hereby authorized to protect the privacy of the individuals who are the subjects of that research by withholding their names and other identifying characteristics from all persons not connected with the conduct of that research.

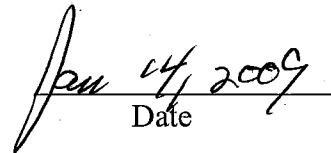

The purpose and all other significant aspects of this research project remain unchanged. The purpose of the amendment is to extend the expiration date of the Confidentiality Certificate from January 13, 2009 to January 12, 2015. The principal investigator has requested the extension in accordance with section 301(d) of the Public Health Service Act, 42 U.S.C. §241(d), as amended.
